This document is provided to inform you of all optional post-contract services available to you. These optional services are not included, in your estimate and must be ordered and paid for separately. If you wish, you may order any of these services at an additional charge. Unless the service listed below is ordered by the shipper the moving company is not required to perform that service. For example if long carry is necessary to deliver the property into the home, then this optional service must be ordered and paid in full prior to that service to be performed. Under 49 USC 13707(b)(C) payment for all post contract optional services is required before delivery and prior to unloading. For non-binding estimates, the 110% law does not apply to post-contract services. Optional post contract services must be paid in full before delivery and prior to unloading.

The following optional services and charges will **only** affect your total balance due if the service is requested and necessary to be performed in order to complete final delivery to your destination.
